### State Editors Are Queried About Confidence Bill

### Report Is Newspapermen Generally Favor It; Would Protect Reporters

Albany, N. Y., Jan. 22 (AP)—Senator Thomas C. Desmond will study opinions of 87 editors and publishers on whether changes are needed in a newspaper confidence bill proposed by the State Law Revision Commission.

The Newburgh Republican's office said yesterday that each of the daily newspapers in the state had been sent a copy of the bill, with a request for a "critical analysis."

The measure was introduced in the Legislature by Desmond and Assembly Majority Leader Lee B. Muller of Cornwall-on-Hudson. It had been contained in a report to the Legislature from the law revision group.

The bill would permit newspaper and radio reporters to keep secret their confidential sources of information unless a Supreme Court justice ruled that disclosure of the source was in the public interest.

A "vast majority" of the answers received so far from the editors and publishers was "generally favorable" to the measure, a Desmond aide said.

The newspapermen thought the commission bill, which was written after a year's study, was a "step in the right direction," he said.

He added that many editors and publishers had said they believed that if the commission bill were passed, it would be a "step in the right direction" to the measure, a Desmond aide said.

### Ice Breaker Eastwind Was Floating Inferno; 11 Die; 20 Injured in Tragedy

New York, Jan. 22 (AP)—A lurid, floating inferno—drifting aimlessly on the sea in foggy darkness—power gone—ripped engines spewing steam—no light except from dancing flames.

This was the coast guard cutter Eastwind as described yesterday by the men who stayed aboard her after she was rammed by the 10,000-ton oil tanker Gulfstream off the coast of New Jersey early Wednesday.

The crewmen told their story after the battered, fire-blackened icebreaker cutter was towed into New York harbor yesterday. Aboard were the bodies of 11 men killed in the accident.

"It was a miracle that more men were not killed," said Lt. Cdr. Charles Leising, the cutter's chief engineer. "It's a wonder they didn't trample each other to death."

Reporters were allowed aboard the crippled vessel to talk to the crew of 47, including the skipper, Capt. John A. Glynn, of Gloucester, Mass.

The rest of the 162 men on board the cutter at the time of the accident, including 20 injured, were brought here earlier by rescue ships.

Leising of Belmont, Mass., told how the coast guard cutter, Robert Connors, third-class engineer, of East Haven, Conn., died in a vain effort to save the life of a buddy.

Shortly after the collision, Leising said Connors came up on deck of the flame-swept ship, then suddenly started below again.

"Where are you going?" an officer shouted. "You can't go down there."

"I'm going down to get Zerr," Connors retorted, and disappeared below deck.

Leising said Connors' badly burned body was found at the foot of the ship's ladder. The friend he tried to save, Apprentice Fireman John V. Zerr, of Philadelphia, died in the same fire.

Capt. Glynn, his eyes bloodshot, his face singed and still wearing the pajamas he had on at the time of the pre-dawn collision, told how the cutter became "an instantaneous mass of flames." Some flames

## New Snow in West Endangers 200,000 Cattle and Sheep

(By The Associated Press)

New snow piled into the west today complicating the job of stockmen and government officials trying to save drift-bound cattle and sheep.

Parts of Nevada, already covered with a snow measuring up to 17 inches, received most of the new blanket.

Meanwhile, the Fourth Air Force was ready at Hamilton Field, Calif., to inaugurate an airlift for livestock in Nevada, and other western states, but waited results of a conference in Washington.

At Ely, Nev., already under eight inches of snow, and one of the points hit by the new fall, George N. Swallow, secretary of the United Stockmen's Association estimated "70,000" sheep are in a critical condition because of lack of feed and exposure. Estimates placed the number of livestock endangered at 200,000.

The stock are in Colorado, Idaho, Montana, Wyoming and Utah in addition to Nevada.

Senators of the six states yesterday met in Washington to ask for emergency legislation.

One suggestion of the conference was that feed be dropped by air force planes. Planes from Lowry Field, near Denver, Colo., have dropped more than 1,000 bales of hay and alfalfa in that area in the past two weeks.

Temperatures plunged to far below zero again today in snow-covered sections of the midwest. The mercury dipped to 29 below at William, Minn., during the night. It was minus 18 at Fargo, N. D., -17 at Miles City, Mont., and 15 at Sioux Falls, S. D. Temperatures in the cold belt were expected to moderate but cold weather was forecast for the week-end.

### Car, Truck Collide

The police reported today that a 1939 sedan operated by William E. Dederick of 72 Foxhall avenue received damage to its left side and fenders when it was in a collision with a 1941 half-ton trailer on Albany avenue about 4:30 p. m. Friday. According to the report, the truck, owned by Louis Karpiloff of Monticello and operated by Howard Melvin Geer of 8 Johnson avenue, Port Jervis, hooked the left side of the Dederick car in an attempt to pass the vehicle. Officers William Hanley and Thomas Tomshaw investigated the accident and reported that there had been no apparent damage to the truck.

## Boy Scouts Will Celebrate 39th Anniversary Feb. 6 to 12

February 6 to 12 has been designated as Boy Scout Week all over the nation and Local Scouts and Scouters are planning many events to celebrate the 39th birthday of the Boy Scout movement. Sunday, February 6, officially designated as Scout Sunday will see numerous special church services throughout Kingston and the surrounding towns.

The biggest event locally will be the observances scheduled for Friday and Saturday. Friday afternoon, Scouts will have charge of lowering the National colors on six public buildings in Kingston. A Scout color guard will gather in the city hall, municipal auditorium, high school, court house, Academy Green and central post office. Scout buglers will sound "Colors" at the time of the flag-lowering.

Saturday, in conjunction with thousands of other such ceremonies over the country, Ulster-Greene Scout units will gather in Kingston at noon for the official launching of the national crusade to "Strengthen the Arm of Liberty." At the same time national officials and representative Scouts

## Four Accidents Are Reported Due to Slippery Highways

### West Park Student Struck Crossing Road; Three in Crashes Taken to Hospitals

Snow which began falling about 3:30 o'clock Friday afternoon and continued into the night leaving about 3 1/2 inches of snow, made highways, slippery and several minor accidents were reported.

At 4:05 o'clock Friday afternoon William Wixted, 15, a student at St. Joseph's Juniorate at West Park was struck by a car as he was crossing the road near the Christian Brothers property. The roadway was slippery at the time state police from Highland reported. Wixted suffered an injury to the left knee and ankle and was treated by Dr. John F. Larkin. The car was being operated by Thomas R. Madigan, 34, of Buffalo.

About the same time the car of Edward M. Irving, 58, of 98 Perry street, New York city, skidded on Route 9W near Aero Lake Airport at Ulster Park and overturned. Dina Pavlov, 51, of 37 West 10th street, New York city a passenger, was injured about the left leg and shoulder and was taken to the Kingston Hospital by the Conner ambulance. Albright reported contusions of the head and back injuries. The car was towed to the Doc Smith garage in Kingston. State police from Highland investigated. There was no arrest.

A collision between a truck of Roach Brothers of Kingston and a car operated by Augusta C. Cox 30, of Market street, Ellenville was reported to the sheriff's office about 4 o'clock. There were no injuries. The accident happened about 2 miles south of Stony Ridge on Route 209. Both vehicles were damaged.

Deputy Sheriff Harry D. Keator was called to investigate an accident on Route 32 near the Costello farm at East Kingston about 5:30 o'clock. A car owned by the Terry Brick Company of Kingston operated by Jack Epstein, 31, of 24 West Pierpont street, Kingston and a car operated by John Crispino, 55 of R.D. 1, Box 247, Kingston, collided on a curve when one of the cars skidded. Laura Crispino, 48, wife of John Crispino was taken to the Benedictine Hospital by a passing motorist and treated for cuts and bruises. Both cars were damaged about the front end.

County highway plows were out during the night and today the roads were reported in fair shape with some icy spots which made caution necessary.

### Plan to Rebuild Republican Party

#### From the Grass Roots Up Through Regional and State Conferences

By JACK BELL

Washington, Jan. 22 (AP)—A plan to rebuild the Republican party from the grass roots up, through state and regional conferences, may be proposed to the G.O.P. National Committee at Omaha, Neb., next week.

Senator Brewster of Maine told a reporter the idea of sectional meetings has been discussed by the Senate Republican Policy Committee.

The Senate group yesterday demanded that the national committee consult with the lawmakers before calling any national policy-drafting conference such as suggested by G.O.P. Chairman Hugh D. Scott, Jr.

It instructed Brewster and Senators Capehart of Indiana, Wherry of Nebraska and Butler of Nebraska to urge the party group to name a committee at its Omaha meeting to study the national conference plan, but to delay any actual call until later.

"There seems to be quite a bit of sentiment for starting the work of rebuilding the party on a state level, followed by regional conferences," Brewster said.

He added that he will branch this idea of Omaha next Wednesday or Thursday.

The Maine senator may be named next week as campaign chairman for Republican senators up for election in 1950. He would divide responsibilities with former Senator John Townsend of Delaware, who has served as chairman of the campaign committee for several years.

Brewster said he hopes Republicans in Congress will be fully represented if any national conference is called to draft a policy statement for the 1950 campaign.

Senator Tobey of New Hampshire, who doesn't always see eye to eye with his G.O.P. colleagues on matters of policy, told a reporter he thinks it would be a good thing for the party to have a national conference.

"It's about time the Republican party faces the facts of life," he declared. "We can't go on yelling 'Socialism' at every proposal that is made for social welfare legislation."

"The people who have been benefited by government aren't ever going to vote again for a party they think might slam the door on such benefits. We've got to develop a heart as well as a head."

Toby said he thinks the national committee ought to be rebuilt on a state level.

"I don't know how you are going to get the dry rot out of the committee unless you awaken the people in the states to name committee members with forward-looking views," he said.

### Hangs 20 Hours in Plane Wreckage Before Rescue

Anchorage, Alaska, Jan. 21 (AP)—Peter Palmero hung for 20 hours upside down before he and Capt. R. D. Land, the pilot, were cut free yesterday from the wreckage of an Alaska Airlines DC-3 transport plane.

Four others died when the plane pitched into a hillside on the Kenai peninsula Thursday night.

Rescue crews reported the body of Stewardess Lucina Nims of Everson, Wash., had not been found. Feminine clothing was seen in a tangle of debris in the middle of the wreckage and it was assumed her body was there.

Also aboard were Co-pilot Robert Stevens of Seattle, Roscoe Spears of Dillingham, Alaska, and Stanley Hillman of Anchorage.

Palmero, a San Francisco man, was in critical condition and Land, whose home is Anchorage, in serious condition at a hospital here. Both had frozen feet along with their other injuries.

The two survivors were brought out by a ski-equipped plane. Returning for bodies it flipped over in landing but its crew was unhurt.

### Fliers Forced Down

Winnipeg, Jan. 22 (AP)—The Canadian Air Force moved swiftly today to evacuate 11 men from a Hudson Bay icefield where they spent the night after their plane was forced down during a mercy mission.

The two survivors were brought out by a ski-equipped plane. Returning for bodies it flipped over in landing but its crew was unhurt.

### Car Strikes Sign

Robert Bradley of 32 Ponckhockie street reported to the police today at 12:15 a. m. that his car had knocked down a street sign at Ponckhockie and East Union streets. The car is owned by William Bradley of 174 Pelton avenue, Staten Island. The report said the vehicle was not damaged.

# U.S. Works on Rift Over Venezuela, El Salvador

## Recognition Brings on Ill Feeling in Other Western Nations

### Wants to Know All About Truman's Guarantee to Capital Abroad

Washington, Jan. 22 (AP)—The United States sought today to patch up differences with other American countries over its recognition of Venezuela and El Salvador.

The governments of both those nations came into power late last year when they overthrew the existing regimes by force—a practice the United States has condemned in the past.

This country's formal recognition, announced yesterday, served to broaden a sharp split over the whole issue in the normally solid Western Hemisphere political lineup.

A number of American states have resumed relations with Venezuela and El Salvador, but several, including Chile and Uruguay, have thus far refused to do so.

Chile has summoned a special session of the Council of American States for Monday to deal with a complaint of "negligence" against the Venezuelan government, charging refusal to give safe conduct to former Venezuelan President Raulo Bethancourt.

That meeting may give representatives of the 21 American republics an opportunity to air conflicting views.

Just a month ago, the State Department formally denounced the use of force as an instrument of political change and asked the other American nations to suggest ways to discourage revolts by military minorities.

The State Department took great pains to explain yesterday's action. This was the position outlined by a department spokesman:

(1) "Recognition does not imply any judgment whatsoever" on the domestic policies of the two countries.

(2) At last year's Bogota conference all the American states agreed that continuity of relations is desirable.

(3) The Venezuela regime has promised to live up to its international promises.

(4) The provisional president has promised to hold free elections.

# Pravda Editor Predicts Triumph Of Communism in 20th Century

### Leaves Door Open

Moscow, Jan. 22 (AP)—Pravda's editor, in the presence of Premier Stalin, declared last night that this is the century of Communism, not of Wall Street.

At the same time P. N. Pospelov, the editor who addressed Soviet leaders on the 25th anniversary of the death of Lenin, declared Soviet Russia has an "unshakable will for international cooperation." He reminded his audience of Stalin's assertion that peace is possible between the differing systems, but bitterly attacked "Anglo-American warmongers."

Pospelov's speech appeared to be the latest development in the east-west cold war in which there have been signs of a Soviet drive to convince the world she wants peace. He spoke just a day after President Truman in his inaugural address called Communism a "false philosophy" and predicted its followers in due time would recognize democracy's strength, "abandon their delusions" and join with the rest of the world in an international settlement.

Pospelov cited China as an example of the failure of plans of "American reactionaries" and said the Communists there were "winning decisive victories."

He said Lenin once wrote that the "issue of the struggle depends in the end on the fact that Russia, India, China and others constitute the overwhelming majority of the population."

"And precisely this majority of the population is being drawn with extraordinary speed in the course of the last years into a struggle for their liberation," said the editor.

Concluding that there are 24,000,000 Communist party members around the world, Pospelov declared: "The twentieth century will be a century of the complete triumph of Lenin, the triumph of the great ideology of equality and friendship among the peoples."

China, Indonesia, Malaya and Indo-China, he declared, "the growth of national liberation movements in colonies and semi-colonies are expressions of the general crisis of capitalism. Capitalism is decaying. \* \* \* no force exists which can prevent its downfall."

At the same time, he declared

## Congress to Study Investment Plans

### Wants to Know All About Truman's Guarantee to Capital Abroad

Washington, Jan. 22 (AP)—Congressional leaders may ask President Truman to blueprint for them his plan to guarantee American private investments abroad.

Senator Lucas of Illinois, the Democratic leader, told reporters he expects to learn more about the President's inaugural message proposal when he and other lawmakers go over the legislative program with Mr. Truman next week.

"It looks to me as though the President is proposing a long-range plan," Lucas said. "I don't know yet whether it will require any legislation in this session of Congress."

Lucas agreed with Senator Vandenberg (R-Mich.) that the limitations of the nation's resources must be kept in mind in any new venture toward helping the world lift its standard of living.

Vandenberg, noting yesterday that Mr. Truman himself had said there are limits to American resources, declared: "I underscore that warning."

The Chief Executive gave the lawmakers a hint of what he has in his mind when he spoke to the Missouri congressional delegation yesterday.

If the standard of living for Asiatic peoples could be raised even 2 per cent, he said, American factories would be busy for the next 100 years turning out products needed in the Far East.

The Truman plan thus was calculated to appeal to American business men who might be seeking to put their money into projects abroad but who now find the road blocked by financial uncertainties.

There was some tendency in Congress, however, to regard the program as possibly a proposal to continue the Marshall Plan in another guise.

Congress has been operating on the theory that four years of Marshall Plan aid should put western European nations on their feet. But these nations already have made it clear that despite American help they won't be solvent by 1952.

Senator Bridges (R-N.H.) said that so far as he is concerned, Congress ought to take stock of how the European aid program is working before approving any new ventures.

### Class Him With Chiang

There has been no plain statement from the Communists via their radio—the only means of contact now open—that they will find Li's leadership of the National government any more acceptable than that of Chiang.

Nanking and Shanghai were quiet without any indication that Chiang's departure would produce any violent reaction.

Chiang himself was resting at his ancestral home in Fenghua, 210 miles southeast of Nanking.

He left a farewell statement which was so ambiguous that it left behind could not figure out its meaning.

Leaves Door Open

Chinese sources said the original version made no mention of "retirement" or "resignation," but left the door open for his return should events prove favorable.

Chang Chun then got Chiang on the telephone, and the statement was changed at the generalissimo's suggestion so that in the official English translation it read like this:

## Redeemer Church Will Install New Officers Sunday

The annual service of installation will be held Sunday at 10:45 a. m. during the regular worship service at the Evangelical Lutheran Church of the Redeemer.

The act of installation, which will be performed by the Rev. David C. Gaise, pastor, will be in two parts. First, the newly-elected elders and deacons will be inducted in accordance with the usage of the Lutheran Church. Following this, the officers of the church council and the auxiliary organizations of the congregation will join them before the altar for installation into their respective offices.

As a climax of the installation, the officers and congregation will join in the dedicatory hymn, A Charge to Keep I Have. The pastor will preach the installation sermon, "The Cooling Coals of Christian Charity." The new members of the church council, a body of deacons and elders, are Robert Short, Edward Schmidt, Sr., William S. Keyser, Donald Hauck, Alva F. Bruce and Theodore Blankshank. The officers of the council for 1949 are Harry S. Hutton, president; Ernest Ryan, Jr., secretary; Donald Hauck, treasurer.

Other officers of organizations to be installed include: Ladies Aid and Missionary Society; Mrs. John McCullen, president; Mrs. Alfred Messinger, vice-president; Miss Maude Meissner, secretary; Mrs. Chester Fox, treasurer. ## Federation Men's Clubs Announces Communion Group

Several committees were appointed for future projects during this week's meeting of the board of directors of the Federation of Protestant Men's Club at the Clinton Avenue Methodist Church. Paul Barnum, secretary, announced that the annual Communion breakfast of the federation would be held Sunday, April 3. The committee in charge includes Donald E. White, chairman; James Little and Fred Blankshank.

A committee to arrange for the coming softball season also was appointed. This group includes James Little and Donald Wood as co-chairmen.

Any club interested in participating in the softball league next summer is requested to notify either of the co-chairmen before the next meeting on March 21. Teams interested also are requested to send representatives to the meeting.

It also was announced during the meeting that an eight-team Church Baseball League would get underway the week of February 21. Teams entered include the First Baptists, First Reformed Dutch Church, Glenford, St. James Church, Port Ewen, Reformed Church of the Comforter, Ponckhockie Congregational Church, and Trinity Lutheran Church.

## St. James Church Will Have Special Speaker

The Rev. R. J. Macwan, M.A., B.D., of Leonard Theological College, Jubbalpore, India, will be guest preacher at St. James Methodist Church, corner Fair and Pearl streets, at the 11 o'clock service on Sunday. Converted from Hinduism to Christianity under the ministry of Methodist missions in India, Mr. Macwan during the past two years has been a visiting member of the faculty of Garrett Biblical Institute, Evanston, Ill., one of the graduate schools of theology of The Methodist Church.

Mr. Macwan, who sails from New York on Monday to return to his native India, will spend the week-end in Kingston as the guest of Mr. and Mrs. Harry Reppert, 169 Manor avenue. On Sunday evening Mr. Macwan will be the guest of the Youth Fellowship of St. James Church at an informal reception and discussion period.

## SHANDAKEN

Shandaken, Jan. 21—Henry Heick has returned from spending a few days in New York.

Mr. and Mrs. Carl Townsend and son, Edward, spent the weekend in Fulton as the guests of Mr. and Mrs. J. Estel Smithers.

Mrs. Percy White recently spent a few days in Kingston. On Sunday Mr. and Mrs. White were guests of Mr. and Mrs. Angelo Modica of the Sawkill road.

Miss Lettie Larabee of Baldwin, L. I. spent Sunday at her summer home here.

Donald Bulcy is building a new home.

Master Dennis Rosa who has been ill is able to be out again.

Joseph Feltzinger, who has been spending some time on Long Island, returned home Wednesday.

Mr. and Mrs. Walter Braun of Kingston were overnight guests of Mrs. Braun's parents, Mr. and Mrs. F. C. Osterhout on Wednesday.

Mr. and Mrs. W. C. Hummel were Kingston visitors on Wednesday.

Mr. and Mrs. Harry Secor of Port Ewen and Mrs. John R. Monroe of Kingston called on the Krom sisters one day this week.

George Monroe of Ozone Park, formerly of this place, died recently.

Mrs. Arnold vanLeer is teaching in the intermediate room this week due to the illness of the teacher, Mrs. Vera Stull.

Donald Williams is somewhat improved following an attack of pneumonia.

Mrs. Joseph Carey is much improved and is expected home this week.

Mrs. Bessie K. Eastman called on Mr. and Mrs. George LeFevre in Kingston on Thursday.

## Blinds Easily Operated

The renewed popularity of Venetian blinds brings up the question of why ordinary window blinds or shutters have fallen from their useful beginnings to the pointless role of decorations. It is probable that the difficulties presented by the universal use of Venetian blinds for their lapse into disuse. Blind operators would do well to inside obviate this objection.

## Integral Garage Now Favored by Builders

There is an increased trend toward making the garage an integral part of the house design. This may be done in one of several ways.

The simplest method is to build an attached garage. It is economical because one wall serves for both the garage and the house. It is connected directly to the house by a door, so it is not necessary to go outside when using the car.

In a 2-story house the garage may be directly under a bedroom wing. In this construction it is important that the building codes in most cities that the garage ceiling be insulated, which may be done by plastering over insulating board lath. Finishing both walls and ceiling in this way will provide extra protection for the car, regardless of where the garage is located.

A semi-detached garage is one that is connected to the house by a breezeway. Properly planned, this construction will tie house and garage together so that even a small house will look large and substantial.

The garage should be at least 10 feet wide and 19 feet deep. The larger it is the more space will be available for storing bicycles, garden tools and the like.

**Little Need Now for Food Storage Space**

The housekeeper of today does not store great quantities of food; the telephone and delivery trucks have done away with the necessity. In consequence the butler's pantry, huge food closets, and large pantries are poor investments in the small house, just occupying space and requiring needless steps and work for the housewife. Think well before you plan too much food storage space in the new home.

## Tiny Hooks Will Keep Track of Small Articles

Very small articles, such as manicure tools, may be hung in tiny hooks inserted in the back of your medicine closet door. Frequent coatings of enamel on the interior surface of the medicine cabinet, incidentally, make it easy to keep the cabinet clean and shining.

## Chimney Test

You can test your chimneys to see if they are dangerous by using the smoke test. Just build a smudge fire at the base of the flue and then, when the smoke starts to rise freely from the chimney, close tightly at the top. If the smoke escapes into other flues or through the chimney walls, there are openings which should be closed before the chimney is used again.

## Two-Way Linen Closet Practical Home Idea

A linen closet that opens into the hall as well as the bathroom saves a lot of time for the busy housewife. An inexpensive, simply-constructed closet can be made by the use of a durable building board, such as asbestos cement board. Asbestos board can readily be applied to simple framing with a hammer and nails. No painting or preservative treatment is necessary. The board will not rot or decay.

A light year is about six million miles.

## THE NANTUCKET

DESIGNED FOR A SMALL FAMILY, this house, "The Nantucket," the "Home of the Week," together with the attached garage, contains only 15,500 cubic feet of space and can be built at moderate cost. If built as pictured, it will require a lot with at least 50 feet frontage.

## Cubage Is Small But The Interior Is Roomy

Outside Chimney, an Attached Garage and Breezeway Give Appearance of Greater Size—Would Require 60-Foot Lot

A person passing by the dwelling pictured at the right would hardly imagine it to be comparatively small in its cubic content. The outside chimney, balancing the set-back, attached garage and the screened-and-glazed breezeway joining house with garage, makes the cottage look much larger than it really is.

As the house is deceiving in its exterior, within it is equally surprising as it contains much more living space than one would expect to find in a building of only 15,500 cubic feet. With the garage and breezeway, the total cubage of the house, "The Nantucket," a design by The "Home of the Week" Plan Service, comes to but 16,000 feet.

The main house is raised somewhat above the lot level, giving added height to compensate for the additional length of the front elevation. The steps and entrance platform at the central doorway are flanked by iron railings of simple design. A blue, asphalt-shingled roof, blue shutters, buff exterior and white trim would make an effective color combination.

The central entrance opens directly into a 16x12-foot living room. Windows, above built-in bookshelves at either side of the fireplace, together with a double mullion window in the front wall, make this room bright and cheerful throughout the day. The remaining two walls are unbroken save for a door to a central hallway. This feature will be appreciated when the problem of furniture placement presents itself.

The central hall, a T-shaped corridor, connects all rooms of the house. The garage has a door from the breezeway, thus giving protected access between house and garage in stormy weather. One may also step from the breezeway porch to the rear yard.

Off the hall from the kitchen is the bathroom, where a large linen closet is installed.

**Bedroom Has Novel Closet Plan**

A front bedroom, 12x9 feet in floor measurements, opens off the hall. Here there is a novel closet arrangement, with a wall niche between the two closets designed to accommodate a dresser.

At the opposite end of the corridor is the second bedroom 12x8' x 9 feet in floor dimensions. A coat closet opens off the hall just outside this bedroom. Within the room, which has windows on two exposures, is a sizeable clothes closet.

The kitchen measures 10x9 feet, but so well arranged are the various pieces of equipment the floor space seems larger than that. Refrigerator, working counter, with sink and wall cabinets, are lined along wall. The cooking range is placed in a corner, near a service entry to the rear yard. A window in the side wall of the room offers a good location for placement of a breakfast set.

Kitchen and bathroom floor and working counter tops are linoleum covered. The stairway to the basement leads down from the kitchen behind a door adjacent to the opening on breezeway.

Installation should be placed over all room ceilings in a house of this type.

As pictured, such a dwelling will require a lot with at least a 50-foot frontage. By relocating breezeway and garage, however, this plan could be adapted to a 50-foot lot, the designers say.

**Plans Are Available**

Complete plans and specifications for this house, "The Nantucket," the "Home of the Week" or any other design of this series are available at moderate cost. To ascertain the exact price of these documents, write the Home Building Editor, and enclose a self-addressed envelope bearing a three-cent stamp. At least one week should be allowed for a reply.

(Released by the "Home of the Week" Plan Service)

## Freezer Combination

Home freezers are now being combined with the newer model refrigerators, but these combinations are often inadequate for large scale freezing and storing of fruits, vegetables and specialties.

## Insuring Privacy

To fix your window screens so that you can see out and passerby cannot see in, paint the inside of the screens with thin white enamel.

## Hall Is Almost Must for House

In efforts to save on cost, many home builders have a tendency to eliminate halls or otherwise design the house so that traffic from room to room clutters up the living quarters.

This is one of the worst mistakes that can be made, according to Henry J. Wingate, nationally known architectural engineer, and in such houses it is not long before the owner decides as much for himself.

Children entering the living room, directly from outside cause confusion if there are guests, and in stormy weather, mud and water is brought into the room. Floor coverings suffer greatly. The problem of a coat closet also is acute when there is no hall or vestibule. Traffic through other rooms to reach the bath or kitchen likewise becomes a serious annoyance.

This does not necessarily mean that a hall should be large, Mr. Wingate points out. Careful design can usually provide a square hall, using but little space, but from which access can be had to four rooms. Doors should be located as near corners as possible.

Of course, 2-story houses require larger halls because of the stairs. It is extremely poor design for a stairway to rise from the living room, but there are many costly houses in existence today which have this very drawback. Their value and stability is decreased accordingly.

## Makes Noisy Rooms Quiet

A sound-absorbing plaster, hardly distinguishable from ordinary plaster, is being found adaptable to nurseries, bedrooms, and other places where acoustical treatment is desired.

Several kinds of such plaster are being marketed, and in cases where sound treatment in a room is desired the plaster can be applied by any experienced plasterer. One type of sound-absorbing plaster has a light gray natural appearance but may be colored to almost any shade by the use of mortar colors or may be painted by using special thin acoustical paint. Other bakes are furnished in several different colors.

## Couples Want Home

Recent government studies indicate that in 80 per cent of marriages an immediate demand is created for a house or apartment. The remaining 20 per cent involve persons who already have homes such as widows, widowers and divorced persons.

## How to Stop Roof Leaks

A roof that leaks all over can be given a coating of heavy asphalt and asbestos compound, which will fill up cracks and nail holes and preserve the roof for several years. However, before this coating is applied, all curled and broken shingles should be replaced or repaired. If the leak is centered, it can be located by looking at the underside during a rainstorm. It is very likely to be at the junction of two surfaces—a valley or the joint between a chimney and the roof, or where a dormer is cut through. In this case, the fault is probably in the flashing, but if it is in the middle of a large roof area, it is likely to be from a curled or loosened shingle.

Askit—Why does a woman always get off a car backwards?  
Tellit—So as to have the last word with the conductor, you poor moron.

Hospitality has been defined as the art of making guests feel at home when you really wish they were.

Young Doctor—I'm afraid I made a mistake in filling in a death certificate today.  
Old Doctor—How was that?  
Young Doctor—I absent-mindedly signed my name in the space left for "cause of death."

The teacher was giving a lesson on the months of the year.  
Teacher—What is it that comes in like a lion and goes out like a lamb.  
Bill—Father.

Police in Seminole, Okla., were asked by Mrs. Robert Vaughn to take care of her dog while she went shopping. Sgt. Charles Cloer replied that dog-sitting was not a policeman's job.

Sewzuk—So you've bought an auto! I didn't suppose you could afford a new car.  
Zook—I may be able to next year—and this is a next year car.

Gail's Pop—Did I hear the clock strike three when you left here last night?  
Sailor—Yes, sir. It was going to strike 11, but I stopped it so it wouldn't wake you up.

One of the easiest ways to ditch a girl is to try driving with one hand.—Grit.

Sam—Why is your flier painted blue on one side and red on the other?  
Pat—It's a swell trick. You should hear the witnesses contradicting each other.

Rich Man—I want a very careful chauffeur—one who doesn't take the slightest risks.  
Applicant—I'm your man, sir. Can I have my salary in advance?

Speeder—One who plays the hearses.—Kate M. Dunby.

Policeman—How do you explain the cause of the accident?  
Motorist—My mother-in-law went to sleep in the back seat.

Political platform—A springboard used for high diving.

With prices where they are, mother, too, is longing for ples like mother used to make.

A New York show girl quit the stage to enter college. Maybe she'll wind up in a class by herself.

A postmaster in Kentucky has been on the job for 20 years. He should have postcardills by this time.

Modern children are young people who like to run everything around the house--except errands.

If you don't dot your i's you're not the punctual type, says a handwriting expert. In other words, not right on the dot.

Can you answer this one: How many counties are there in New York State?

## Memorial

In loving memory of Mrs. Eva Klim, who passed away one year ago today, January 22, 1948. Nothing can ever take away the love a heart holds dear. Fond memories linger every day. Remembrance keeps her near. Signed,  
DAUGHTERS and SON.

## New Program for Army Officers

Graduates from accredited colleges or universities who served as commissioned officers in any of the armed services during World War 2 are eligible to apply for regular commissions as second lieutenants. It was announced by the army today.

Set up to fill Regular Army vacancies in the grade of second lieutenants, the new program calls for appointment of between 400 to 600 men in two major increments during March and in August of this year.

Applicants holding commissions in the Officers Reserve Corps or holding commissions in the United States Army, through regular channels to the major commander concerned, it was announced. Other applicants not on active duty will submit applications direct to the major United States Army commander. Those on active duty will apply through command channels to appropriate major commanders.

Requirements for direct commissions under the new system include the following: Applicant must have at least one year of honorable active commissioned service in any component of the armed forces between December 7, 1941, and September 2, 1945; be a graduate of any accredited college or university; be between 21 and 27 years of age at the time of appointment.

Other basic requirements include the physical fitness of applicant, high moral character, no military or civil court convictions and no conscientious objection. Applications, which must be submitted no later than April 30, may be procured at all army installations, recruiting stations and other offices.

answered if the Communist party henceforth comes to the full realization of the grave situation confronting the country, orders a cease-fire, and agrees to commence peace talks with the government.

(There was no mention of any hope or expectation of return of the Communist to the mainland, unless some progress toward peace with the Reds is made quickly, Chiang will try to come back.

Won't Work This Time  
(They asserted, however, that this time it won't work. Chiang has quit before in the 22 years he has ruled China and always was asked to return. This time, say these observers, there is no real public demand for Chiang.)

Appointed with Chiang to the peace mission were Chang Chih-chang, government commander in northwest China, and three relatively minor officials, Huang Shao-hung, Peng Chao-hsien, and Chung Tien-hung.

Chiang was one of General Marshall's committee of three which tried to reach a settlement in the civil war shortly after Japan's surrender. Chiang has been an outspoken proponent of peace.

A government spokesman said the Executive Yuan (cabinet) approved the statement as a formal resolution.

The move puts the issue squarely up to the Communists whether they will deal with a Nanking government minus Chiang Kai-shek.

leaped higher than the 70-foot mast, he said.

He said he raced to the ship's bridge and found that the starboard side of the vessel had been smashed. He said all the ship's lights were knocked out by the crash and that "we were in total darkness except for the flames."

He said he ordered all men to leave the ship except for the skeleton crew of 47 who stayed on to fight the fire.

"I never thought for a minute I'd leave the ship," said the 45-year-old skipper. "When we didn't lose her in the first 30 minutes, I knew we would not lose her at all."

Bodies of three of the victims were removed from the cutter yesterday. They were identified as Zerr, Connors, and Ewell Busby, chief engineer, of Key West, Fla. They will be forwarded under coast guard escort to homes of the next of kin.

Bodies of the other eight will remain aboard the Eastwind, pending identification, officials said.

A special coast guard board of inquiry investigating the accident yesterday postponed hearings until Monday to allow board members to inspect the vessel.

American aid to Europe.

In the revolt of last November 24, the military group now in control exiled President Romulo Gallegos, who had been elected to succeed Bethancourt. The latter took refuge in the Colombian Embassy when Gallegos was forced out. He has been there since.

Gallegos has charged that the United States had a hand in the revolt. This has been denied vigorously by the State Department.

The revolt in El Salvador, smallest of the American republics, occurred three weeks after the Venezuelan coup.

## To Apply Pressure

Belgrade, Yugoslavia, Jan. 22 (AP)—The Serbian Communist party was told yesterday the Soviet Union and countries it controls may be expected to increase economic pressures this year on Yugoslavia.

## Letters to the Editor

Letters to The Editor must bear the name of the writer. Communications must be free of libel and personal attacks upon individuals as such. Only original communications addressed to The Freeman will be printed.

### Save the Trees

Editor, The Freeman.

In the Freeman for Monday evening January 10th, a letter to the Editor was written by the Adult Discussion Group of the First Dutch Church. Their subject was "Trees as a Memorial."

Their idea would be to have trees planted in the city as living memorials to the soldiers who lost their lives in the past war.

I have glanced at the Freeman each evening hoping that some one from the city would write and comment for or against the idea, but so far I have failed to find an answer.

I do not live in the city, but whether I do or not, I would like to say here that trees make a city beautiful. Then too, old trees add charm to a city.

So I say to the people of Kingston, take pride in your trees. Save the old ones, and plant new ones where they are needed.

Very truly yours,  
EDWIN H. HUMMELL

## Downsville Fire

Damage \$75,000

Downsville, N. Y., Jan. 22 (AP)—Fire today destroyed the huge, old Downsville Opera House building, which contained a bank, a movie theatre, telephone company offices, drug store, American Legion clubrooms and four apartments.

Fire Chief Marvin W. Wyncoop said the blaze started in a popcorn machine in the theatre lobby, on the ground floor.

No one was injured.

Fire Chief Thomas W. Coulter of nearby Watertown said his early estimate of property loss was \$75,000, but it was not known immediately what the First National Bank's losses were.

All telephone service in this Delaware county village of 600 was cut off.

## Calls for Faster Pace

On Taft-Hartley Repeal

Washington, Jan. 22 (AP)—Republican Senator Morse (Ore.) today proposed an April target date for a Senate vote on repeal of the Taft-Hartley Law.

But Senator Lucas (Ill.), the Democratic leader, called for a "much faster" pace.

Morse told a reporter he will ask the Senate Labor Committee Monday to start hearings next week on a repeal bill and on restoration and revision of the old Wagner Act.

"My motion," said Morse, "will call for ending hearings about March 1 and for giving the committee the entire month of March to put its bill together. The Senate would get the bill by April 10 at the latest and could start debate right away."

Lucas called the Morse timetable too slow, but declined to name a different date for a Senate vote.

President Truman wants the Taft-Hartley Law repealed and the Wagner Act restored with "certain improvements."

## Air Force in Europe

Gets Scrum for Flu

Wiesbaden, Germany, Jan. 22 (AP)—All U. S. Air Force personnel in Europe is being given preventive serum to combat the influenza epidemic, the air force said today.

Officials said no epidemic exists now among the air force personnel, but that the shots are being given since crews flying on operation routes to Berlin and other flights risk the chance of contracting the disease and of transmitting it.

The epidemic, which swept through France, is described as a mild type of the ailment.

## Gets Down to Work

Washington, Jan. 22 (AP)—The inauguration festivities behind him, President Truman shed his party clothes today with a promise to work at pushing the Democratic platform through Congress.

Still brisk and smiling, Mr. Truman went home at 11:10 last night for his first full night's sleep in days, after telling party followers his list of campaign pledges "was not a scrap of paper."

It was another busy day for the President, most of it spent in the company of Vice President Barkley. The two were in high humor. They swapped jokes, joshed each other and kept the crowds who saw them roaring with laughter.

## Joint Training Maneuvers

Wiesbaden, Germany, Jan. 22 (AP)—The air force announced today joint training maneuvers will be conducted this week by a B-29 bombardment squadron and jet fighters from Fieselerfeld.

The B-29 squadron, part of the 22nd Bomb Group now training at Lake Hatham, England, will make simulated high altitude bombing attacks on several Bavarian cities. The B-29s arrived yesterday. Planes of the 36th Jet Fighter Squadron, stationed at Fieselerfeld, will make interceptor flights.

## Not Yugoslavia

Moscow, Jan. 22 (AP)—Yugoslavia, alone of all eastern European nations, placed no wreath on Lenin's tomb yesterday in connection with the 25th anniversary of his death.

Pravda said full staffs of the embassies of Czechoslovakia, Bulgaria, Poland, Hungary, Romania and Albania did visit the tomb and place wreaths in the names of their governments.

## Annual Report of Kingston Library

Continued from Page One

Following is the annual report of Librarian Mary A. Schaeffer to the members of the board of trustees of the Kingston City Library:

I submit herewith a report of the work of the library for the year 1948:

Seven hundred and forty-two books were purchased at a cost of \$1,437.49.

The library subscribed for 85 magazines and seven newspapers at a cost of \$352.25.

One hundred eighty-three books, 12 magazine subscriptions and two newspaper subscriptions were given by individuals and organizations.

Four hundred and ninety-three books were discarded.

Total number of volumes in library 25,372.

Over thirteen thousand persons used the library for reading and reference. 73,731 books and periodicals were loaned.

Fourteen hundred and seventeen borrowers registered or re-registered making a total of 4,487 active borrowers.

Members of the Junior Married Women's Club of the Y.W.C.A. continued the Saturday morning story-telling hour which they started last winter; this is a service we greatly appreciate as it not only gives pleasure to the children, who attend the story-hour but it increases the circulation of children's books.

A number of teachers in the grade schools brought their classes to visit the library; many of the children asked to become regular borrowers. The number of children's books circulated 11,564 was an increase of 2,903 over that of the preceding year. This is gratifying when we consider how many children read the comics.

In April, two members of the library staff attended a meeting of the Hudson Valley Library Association held at State Teachers College, New Paltz. At that time it was decided to form county groups to work together for better service. The library of this library was named chairman for Ulster county.

A meeting of the Ulster county group was held at the library in November. Mrs. Florence Taylor, Librarian of the Ellenville Public Library was appointed chairman of a committee to make further study of ways to give better service to the people.

The repairs and improvements made to the building and premises during the year were needed and are appreciated, these include: new lighting fixtures, added shelf-space for books, new ceilings in two rooms, repairs to the outside entrance and stairway, the roof painted and a new sidewalk in front of the building.

Gifts of money were received from the Atherton, Coterie, Lowell Literary Societies and Twentieth Century clubs and from several good friends of the library. Respectfully submitted,  
MARY A. SCHAEFFER

## Bunche Calls for Armistice Showdown

Rhodes, Jan. 22 (AP)—Acting U.N. Mediator Ralph C. Bunche called in the heads of the Egyptian and Israeli delegations last night for a showdown in armistice talks.

Bunche's action indicated a decisive break in the conference may be expected soon. The session is regarded as the final step in armistice negotiations which have been snagged in a boundary dispute.

The session began at 11 p. m. (4 p. m. Eastern Standard Time). Bunche and Brig. Gen. William E. Riley, chief U.N. observer who sits in on all talks, indicated they planned to keep the meeting going all night if necessary to reach an agreement.

Bunche indicated to newsmen that both sides, who have been in almost continual conference the past two days, had about run out of arguments and that some final decision either of agreement or complete break-up of the talks may be expected shortly.

The conference began here Jan. 13.

## Italian Students Protest Ships' Going to Russia

Rome, Jan. 22 (AP)—Several thousand students shouting "Venduto" (sold out) marched on the foreign office today in protest against the projected delivery of Italian warships to Russia as reparations.

About 50 rushed into the large courtyard of the foreign office before police closed the door.

A large crowd also was reported to have demonstrated before the Soviet Embassy.

As the crowd rushed the entrance to the ministry, a man in civilian clothes fired a single shot, then disappeared into the courtyard.

Immediately after a group of students pummeled an elderly man, who was said to have commented against the demonstrators.

## No Reference to Sanctions

New Delhi, Jan. 22 (AP)—A delegate to the Asian conference in Indonesia said today that body probably will make no direct reference to economic sanctions in its recommendations to the United Nations.

The conference was called to protest Dutch military operations against the Indonesian republic, and is expected to ask for U.N. enforcement of a speedy settlement of the conflict. Earlier delegates had said the conference's recommendations presumably would call for imposition of sanctions if either Holland or the republic failed to cooperate.

## Child Is Struck

Fred L. Renn, 11, 1011 Terrace, notified the police Friday about 5:30 p. m. that while operating his car north on Washington avenue Virginia Bunting, 6, ran out from the curb and was struck on her left leg by the right fender.

Renn, the police said, took the child to her home where it was believed that the girl was not badly hurt.

## Check on Reporters

Detroit, Jan. 22 (AP)—Police Commissioner Harry S. Toy said today Detroit newspaper reporters and photographers would be required to sign non-Communist affidavits in order to get unlimited press cards.

Toy said he was acting because "police press cards give reporters unlimited access to information and areas that are vital to the city's defenses."

## About the Folks

A son, Noel William Saunders, was born December 27, 1948, to Mr. and Mrs. Roger C. Saunders of Chicago, Ill. Mr. Saunders is the son of Mr. and Mrs. Christopher Saunders of Warwick street.

Mrs. John L. Weaver of 112 Foxhall avenue is convalescing at the Benedictine Hospital where she underwent an operation Wednesday morning.

## Home Bureau

Food Lesson

The Kingston Home Bureau will conduct a food lesson next Wednesday evening at the municipal auditorium, Broadway. Members wishing to attend are requested to notify Mrs. Nathan J. Dederick, 1433-B, by Monday. All those attending also are asked to bring silver, plate, cup and saucer by 9:30 a. m.
